

Fall is here and winter is not far behind!

The cool weather is here and the horses are getting ready to settle down for their long winter naps! Well, some of them are, while others will still be working hard. We are here to help you keep your animals healthy and happy all year long.

What's New at Beadle Lake?

Saturday Hours: Appointments may now be scheduled from 8am-5pm on Saturdays. The office still closes at noon, but Dr. Anderson is available for appointments until 5pm.

Chiropractic Promotion: Dr. Dolan is certified in equine chiropractic and has been adjusting horses for over a year. Now thru December she will be offering a first time chiropractic adjustment, on the farm, at a 50% discount. Call to make an appointment today and take advantage of this special offer!

Web Site: Check out our new website at www.bllac.com. We will be posting clinic events and specials we are offering, so check it often.

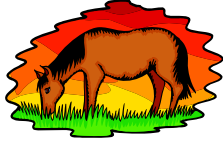

Online Pharmacy: We are excited to announce that we will be launching an online pharmacy. It will allow you to purchase items at very affordable and competitive prices. This system will allow you to shop for prescription medications (i.e. Bute, Tucoprim), as well as over the counter products (i.e. dewormer). Look for a link on our new website. This service will only be available to clients of BLLA. We look forward to your local community business.

Small Animal Rehabilitation: In partnership with Niki Van Lente LVT, CCRP (pending), we now offer small animal rehabilitation at the clinic. Many animals can benefit from physical rehabilitation. Treatment techniques include chiropractic, acupuncture, physical therapy modalities (ice, heat, and electrical stimulation), joint mobilization, soft tissue mobilization, massage, therapeutic exercise, underwater treadmill therapy, and much more. Some of the diagnoses commonly treated are hip dysplasia, spinal/disc conditions (orthopedic and neurological), ACL or CCL injuries, arthritis, sore joints, trauma, and many more. Therapy will help your pet live a more comfortable and productive life.

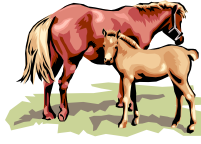

Reminder System: We are interested in getting our new reminder system up and going. Would you be interested in getting information, invites, reminders, etc. thru email or text messaging? Please let us know.

Wellness Program: Look for a wellness program coming soon. This will include all yearly preventative care as a package deal. Inquire for details.

Care Credit: We will now be offering care credit. Inquire for details.

Reminders

It's Equine Dentistry Season Again!!

(5% discount from now thru February)

Our doctors are looking forward to working on your horse's teeth. This is the best time to do dentals for a few good reasons. First, a healthy set of teeth helps a horse's ability to effectively grind food for improved digestibility and nutritional absorption. This is especially needed during the winter months when forage nutrition is poor. Second, clients who pay at the time of service will receive **5% off** each dental. Third, we love doing dentals during the fall and winter months when we are not pressed for time.

Pregnant Mares

It is a good idea to perform a fall pregnancy check. This will help ensure everything is progressing normally. It will also confirm whether your mare needs to continue on her Rhino vaccination program and if her diet needs to change, so that her nutritional needs are met during the last three months of her pregnancy. This is also a safe time to perform dental work on pregnant mares.

Great Christmas or Birthday Gift Idea!

BLLA offers **gift certificates** which can be made for any amount you desire. It is a great gift idea for the animal lover, special animal in your family, or that hard to buy for person. Just call us or stop on in to purchase them.

If you wish to be removed from this mailing list please contact the clinic at 269-441-9233.

We wish everyone a happy holiday season. We look forward to serving you and your equine friends.
